FRED MYTTY, COUNTY CLERK

Dear Supervisor Saalfeld:

Per Nebraska state statute, the behavioral health regions must certify that county tax dollars are collected to match a portion of the state revenue allocated by Nebraska Department of Health and Human Services.

Based on the projected increase in state general funds, the revised total FY20 county match requirement for Dodge County is \$93,967 for the fiscal year beginning July 1, 2019.

Should you have any questions or need additional information, please let me know.

Sincerely,

Patricia E. Jurjevich, MPA
Regional Administrator
