Patti Jurjevich, Regional Administrator of Region 6 Behavioral Healthcare, was present to give a FY2019 Service Summary for Dodge County. She provided some background information as to how the behavioral health regions were arranged in the state; it was determined that regional coverage is the most effective way to deliver mental health services. State statute dictates much of what they do and how they operate. Two statute requirements that directly impact the county board is that they must receive county matching funds and they must have governance consisting of one county supervisor or commissioner from each of the counties they serve. One of the statistics provided showed that the estimated Region 6 expenditures for Dodge County for FY19 were substantially higher than those in FY17 & FY18. Supervisor Backens asked if the flooding of 2019 could have impacted these numbers. Ms. Jurjevich said she would have to follow up with that and see what role the flooding played. Another service Region 6 is working on is providing more technology for law enforcement to help connect those in need with immediate access to a behavioral health professional. Supervisor Bendig asked if the encounters by age percentage is typically highest in the 25-34 year old age group. Ms. Jurjevich said this is unique to Dodge County; the other counties usually have the highest encounters with the 35-44 year old age group. This was another statistic that she would follow up on for us. Ms. Jurjevich then went on to talk about the "Nebraska Strong" crisis counseling that Region 6 provided for flood victims. The funding for this ended in June, but the program now has a COVID-19 version of "Nebraska Strong", which provides COVID-19 related resource information that is being done primarily by phone until they can actually get out and deliver the information in person. Ms. Jurjevich then spoke about a Resolution that she would like the board to consider adopting regarding Region 6 Behavioral Healthcare acquiring thirty (30) percent ownership interest of building and property at 4715 S. 132nd Street, Omaha, NE. Region 6 shares this building with the Eastern Nebraska Office on Aging and DUET (formerly ENCOR, a disability services agency). All three agencies contributed to purchase and renovate the building. In order to formalize the relationship with the three agencies, this resolution needs the approval of each of the county boards included in Region 6. There will not be any monetary impact on Dodge County as a result of adopting this resolution. Supervisor Saalfeld read the resolution into the record. The Board unanimously adopted and authorized Chairman Missel to sign the Resolution for Region 6 Behavioral Healthcare to acquire thirty (30) percent ownership interest of building and property at 4715 S. 132nd Street, Omaha, NE.

The Board unanimously adopted and authorized Chairman Missel and County Clerk Mytty to sign a Resolution to amend Dodge County Zoning Map making a change from Transitional Ag, A-3 to C-1 Commercial for a 40.06 acre tract located in the W ½ NW ¼ Section 26, Township 18 North, Range 8 East and Part of Tax Lot 8 and Part of Tax Lot 26 in Nickerson Township, Dodge County.

Zoning Administrator Jean Andrews provided the Board with a flyer about a free webinar presented by NIRMA about "Managing the Work Environment After Coronavirus" featuring labor attorney, Pam Bourne. The webinar is Thursday, October 22, 2020, 10:00 – 11:15 A.M. Advance registration is required.

The Board unanimously adopted and authorized the Dodge County Board of Supervisors and County Clerk Mytty to sign a Resolution of Certificate of Completion for Agreement Number BL1653 for Horizontal Curved Signing Devices that was completed April 20, 2016.

Highway Superintendent Scott Huppert was not present at the meeting, but Zoning Administrator Jean Andrews did give an update that Omni Construction was

starting the Big Island Road project today. Residents had been notified in advance and many had made arrangements to get vehicles out prior to construction beginning.

At 10:26 A.M., Chairman Missel adjourned the Board as a Board of Supervisors until Wednesday, October 21, 2020 at 9:00 A.M.

Immediately thereafter, the Board convened as a Board of Equalization. Chairman Missel dispensed with roll all members being present.

Chairman Missel read the resolution into the record. Supervisor Strand asked for confirmation that the 2020 levy is .229101. County Clerk Mytty confirmed that .229101 is correct. Chairman Missel added that this is roughly a 10% drop from last year.
