### City of Fremont Emergency Declaration

On Thursday, June 24, 2021, straight-line winds of over 80 miles per hour causing severe damage to public and private property, disruption of utility service, and endangerment of health and safety of the citizens of Fremont within the disaster area. The hurricane force winds damaged trees, downed power lines, and toppled nearly two miles of Fremont's 69,000-volt transmission system. The storm's damage to the City's electric infrastructure alone will cost ratepayers more than \$1 million in repairs and economic losses.

After the storm, the City declared an emergency so specialized material to repair the transmission system could be procured immediately. This declaration was confirmed by the Mayor and City Council at the next City Council meeting on June 29, 2021.

Therefore, the Mayor of the City of Fremont has declared a state of emergency authorized under Nebraska State Statute R.R.S. 81-829.50 on behalf of the City of Fremont, and will execute for and on behalf of the City of Fremont the expenditure of emergency funds from available sources, the invoking of the mutual aid agreements, and the applying to the State of Nebraska for assistance from the Governor's Emergency Fund and any other resources he deems necessary in the fulfillment of his duties.
