Dated this 3 day of Nov. 2021

**APPLICATION FOR NO-FEE RESIDENTIAL REGISTRATION PERMIT**  
**(A-1, A-2, and A-3 Agricultural Districts)**  
**Dodge County, Nebraska**

"I certify that I am the applicant for a residential use permit to allow a residential use in the A-1, A-2, or A-3 Agriculture Districts. I certify that I have read the following preamble to the A-1 Agriculture-Intensive District contained in the Dodge County Zoning Regulations and that I understand that there are permitted uses and named conditional uses allowed in the A-1, A-2, and A-3 Agriculture Districts that may not be compatible with a residential use in the district. I further understand that residential uses in the A-1, A-2, and A-3 Districts are not given the same provision of services, amenities and protection from other land uses that are afforded to residential uses by the regulations of other districts and that the A-1, A-2, and A-3 District Regulations are not intended to afford such services, amenities and protections to residential uses located therein."

The A-1 Agricultural District regulations are intended to provide for the use and conservation of agricultural land, to protect the value of such land, and to protect it from indiscriminate residential and urban development and other incompatible and conflicting land uses; to conserve and protect the value of open space, wooded areas, streams, mineral deposits and other natural resources and to protect them from incompatible land uses and to provide for their timely utilization; to provide for the location and govern the establishment and operation of land uses which are compatible with agriculture and are of such nature that their location away from residential, commercial and industrial areas is most desirable; to provide for the location and govern the establishment of residential uses which are accessory to and necessary for the conduct of agriculture and to provide for the location and govern the establishment and use of limited non-agricultural residential uses. Such non-agricultural residential uses shall not be so located as to be detrimental to or conflict with other uses which are named as permitted or conditional uses in this district and are appropriate to other property in the area. The nature of the A-1 District and the uses allowed outright or by conditional use precludes the provision of services, amenities and protection from other land uses which are afforded to residential uses by the regulations of other districts, and it is not intended that the A-1 District regulations afford such services, amenities and protection to residential uses located therein.

"I understand that if the County Board of Dodge County approves my no-fee residential registration permit application and I establish a residential use in the A-1, A-2, or A-3 Agricultural Districts that such land use has no additional rights granted to it that is granted of other uses allowed by either permit or by conditional use in the A-1, A-2, and A-3 Districts. I certify that I have been given a copy of this attachment."
