# PUBLIC CONSTRUCTION BOND REQUIRED FOR BENEFIT OF LABORERS, MECHANICS AND MATERIAL MEN 52-118, R.R.S. Neb., (1992 Cum. Supp) et. seg.

It is fully understood by both parties to this agreement that Dodge County will require a payment bond in all contracts in which the erecting, furnishing or repairing of any public building, bridge, highway or other public structure or improvement is taking place, to which the general provisions of the mechanics lien laws do not apply and when the mechanics and laborers have no lien to secure the payment of their wages and suppliers who furnish material and who lease equipment for such work have no lien to secure payment, therefore, it is hereby made a requirement that the contracting party, persons, firm or corporation to provide a bond, in a sum not less than the contract price, with a corporate surety company conditioned for the payment of all laborers and mechanics for labor that shall be performed under this contract.
