RE: Dodge County HMGP Platte River Monitoring

To Whom it May Concern,

Dodge County is requesting financial assistance through FEMA's Hazard Mitigation Grant Program, to install river gauges and cameras along the Platte River increasing situational awareness and enhancing public warning.

As the sub-applicant for these funds, the County Board approved this project and is committed to funding the local share of this project as outlined in an interlocal agreement between Dodge County, Lower Platte North Natural Resources District, Papio Natural Resources District, and the City of Fremont.. These funds will be available for the duration of this project. Dodge County will ultimately be responsible for the local share costs for project, which may also be partially offset by Community Development Block Grant and other grant funds were available. Dodge County will be the conduit for all documentation and sub-grant processes.

If you have any questions please call Tom Smith, the County's Emergency Management Director, at 402-727-2785. Thank you.

Sincerely,

Chair, Dodge County
Board of Supervisors

Bob Missel, Chairman
Lon Strand, Vice-Chairman
