RE: 2020-2021 Budget Shortage

I hereby request a supplementary appropriation amending my Elections Budget by \$20,000.

The shortage is due to the overtime caused by early voting ballot applications. Attached is a spreadsheet showing the dramatic increase in the 2020 election early voters. As you may not realize, the last two weeks prior to an election, two staff members are up on the 4<sup>th</sup> floor readying the equipment boxes to be sent to the polls by Election Day. Meanwhile, we're left shorthanded in my office to do regular county clerk duties and early voters. In addition, we had personal computers and our server crash and needed replacement.

## EARLY VOTER STATISTICS

Year	2016	2018	2020	Increase over Last Presidential Year (2020 vs 2016)
Primaries	818	426	7,220	783%
Generals	2,832	1,446	7,325	159%
