RE: Time Extension Approval
FEMA-DR-4420-DR-NE
FIPS#: 053-99053-00
SA # 673 (98103)

Dear applicant,

In response to your letter received requesting a time extension for Sub-Grant Application 673, we hereby grant the Dodge County a time extension. **You now have until July 15, 2022 to complete the necessary work.**

Due to programmatic changes prompted by findings during recent project inspections, we cannot summarily grant project extensions with the nearly automatic approval system that we have utilized in the past. From this point forward, we will be more closely reviewing all project time extension requests and applicable quarterly large project reports to base the decision for issuance of the extension. Furthermore, the overwhelming majority of extensions that are issued will be a one-time only; the applicant should not expect additional time extensions to be issued upon request without clear documentation explaining the reason(s) for the request.

If you have questions, please contact John Gassmann by phone at 402-432-0563 or by email at john.gassmann@nebraska.gov

Sincerely,

Ervin L. Portis
