

Agenda Item # 13  
Date 11/16/22

# Summit Grove

A Pioneer Cemetery

Established 1873

**Annual Report**

**November 2022**

**Summit Grove Preservation Group**

**North Bend, Nebraska**

We are a little late with this report this year. Our mainstay Casey Jones has been having some health issues and the person he left in charge (Me, Diane Emanuel) is a little slow!

2022 has been a little uneventful. Basic upkeep with the mowing has been done by Bruce who does an excellent job and we thank him immensely!

We did have an issue with a tree during a March storm. One of our trees blew down. We have known this was a possibility with both trees due to their age. The guys on the committee cut it up and hauled it away and we had Maverick Stump Grinding from Fremont grind the stump and it has been cleaned up.

I am including a few pictures. We could definitely use some rain. There are a few holes that will need to be filled in.

We also are considering replacing our sign with our officers on it since someone shot some bullets through it.

We truly appreciate your monetary support every year!

Sincerely,

Summit Grove Preservation Committee
