

Agenda Item # 24e
Date 2/21/24

February 14, 2024

On behalf of the Riverview Shores lake association board we would like to request the county take over control of County Rd 6 from the intersection of Platte River road south across the rail road tracks to the Riverview Shores gate due to traffic, maintenance, and safety concerns. During the summer holidays we've had over 500 cars per day traveling this road. We have also seen an increase in traffic due to an additional development to the west now that's using this road on a consistent basis. Please reach out directly to the Riverview Shores Lake Association President Rich Samuelson at 402-560-4759 if you have any additional questions.

Sincerely,

 COPY

Rich Samuelson

Riverview Shores Lake Association President
