JEAN ANDREWS
Asst. Highway Superintendent

February 28, 2024

To: Honorable Member of the Dodge County Board of Supervisors

Gentleman

After my assessment of County road 6, south of Platte River Road to Riverview Shores entrance, I have found that the upkeep of this road with the amount of traffic that is now using this portion of road and the three sets of Railroad Tracks, that they would have to maintain up to and over would be very difficult to maintain and unsafe if not trained and or equipped to maintain around the Railroad Tracks that are in this portion of road. And in my assessment I have found that the road is in good shape with a good base foundation with good drainage off the road, The road ditches do need some attention but not much. For the Railroad Track I think Dodge County would have more pull on how the Railroad does there up keep at their Crossing at this site. So my recommendation to the Board is resumption of control of this portion of 66-foot segment of 160 feet in length of County road 6 from Riverview Shore gate to the UP Railroad Tracks and a 660 foot in length segment of County road 6 from UP Railroad Track to Platte River road.

Respectfully : Scott Huppert

Dodge County Hwy Superintendent
