DODGE COUNTY UTILITY INSTALLATION AGREEMENT
Private Corporation or Owner

WITNESS, that this shall be an agreement between Dodge County, hereinafter referred to as the County and
hereby agree:

1. THAT, the Applicant shall be permitted to install, through, or aerial, the Public Right-of-Way of Dodge County.

2. THAT, the County and Townships are the owners and responsible for the Public Right-of-Way in the County and Applicant
desires to install a Utility on Public Right-of-Way.

3. THAT, in consideration of this agreement, the County does hereby permit Applicant to lay, install, and construct said Utility in the
Public Right-of-Way between

County and Townships
 Dabei Drainage District

4. THAT, the permit or the part of Dodge County is revocable at the will of the County, and Applicant agrees that upon written
notice from the County Board of Supervisors, he will immediately and forthwith remove said Utility and any and all pipes or other
material contained or used in connection with said Utility and return the roadway occupied by said Utility to substantially its original
condition as before installation of said Utility.

5. THAT, the Applicant shall notify the Highway Superintendent or local Township for the purpose of removing the gravel winthrow
to the opposite side of road so as not to lose any gravel in the open trench.

6. THAT, all backfill in the Public Right-of-Way proper shall be made with material excavated from the crossing or with material
equivalent thereto in texture. Material shall be placed in six inch lifts for the full depth of the trench and compacted by tamping to
the original cross section. All utilities placed in areas susceptible to erosion shall place adequate protection against erosion. This
protection may include tile checks, silt fence and erosion blankets. All vegetation destroyed shall be replaced. Disturbed areas
will be reseeded with native grasses and a starter fertilizer. The minimum depth of earth cover over the utility line shall be 3 feet.
Installation of underground utility lines under the traveled portion of an existing county road way must be encased in a plastic or
steel conduit. The casing shall be bored from the toe of the shoulder slope to the toe of the opposite shoulder slope. The utility
shall be placed at a minimum depth of 3 feet below the bottom elevation of the parallel road ditch. Applicant and his contractor or
subcontractors are responsible for temporary traffic control on Dodge County Road way based on the standards and guidelines
found in Part 6 of the MUTCD for Traffic Control Devices (MUTCD) to Insure a safe work zone for the
workers and the public. Applicant will provide all necessary signs, barricades, cones, flags and message boards.

7. THAT, the Applicant shall obtain approval of all County road restoration from the County Highway Superintendent or Township
Official prior to leaving the site(s).

8. THAT, all backfills disturbed by excavation and backfill operations shall be graded, hand dressed as required to
restore the terrain to its original shape, grade, and cross section, and regraded or reseeded at a rate of 150 tons per mile as
directed by the County Highway Superintendent or Township Official.

9. THAT, the Applicant shall as directed by the County Highway Superintendent or Township Official remove at the Applicant's
expense from the Public Right-of-Way all temporary structures, and waste materials resulting from their operations.

10. THAT, the Applicant shall fill a sealed set of plans showing the Utility route, depth, and distance from the section line with the
Dodge County Highway Superintendent.

11. THAT, the Applicant shall when installing an aerial Utility, shall install such Utility one foot inside the Public Right-of-Way end at
a minimum height of 11 feet above the traveled way.

12. THAT, the future maintenance of said Utility and reinstallation or reconstruction of same for any purpose whatsoever shall be
borne by Applicant.

13. THAT, Applicant does hereby agree to hold the County or any of its Officers, Agents, or Employees evermore harmless of all
liabilities due to improper installation, construction, and maintenance of said Utility.

14. THAT, the Applicant shall submit a check in the amount of 10% of the total Utility Installation made payable to the Dodge County
Highway Department and shall become the property of said department if any of the above mentioned agreements are violated by
the Applicant. The check will be returned 60 days after project completion.

15. THAT, the Applicant shall submit an Insurance Certificate verifying General Liability of $1,000,000.00; Personal Injury of
$500,000.00; Product & Completed Operations Aggregate of $1,000,000.00; Medical Expense (Any One Person) of $5,000.00;
Each Occurrence of $500,000.00. Certificate to be filed with this application.

16. THAT, any pipeline carrying sewage or feedlot run off must have a Bond or Certificate of insurance in at least the amount of
$1,000,000.00 to be renewed each year or if the property is sold, the new owner must comply with all requirements.

17. THAT, a permit fee of $50.00 shall be paid to Dodge County by the Applicant.

18. THAT, this permit is valid for 6 months from date of issuance or reapplication and fee is required to renew.

IN WITNESS WHEREOF, the parties hereto have set their hands this 28th day of Feb., 2023.
